

RWANDA UTILITIES REGULATORY AGENCY

ADDENDUM ON THE TENDER N° 02/RURA/ICB/09

Reference is made to the tender No 02/RURA/ICB/09 regarding National Table of Frequency Allocation consultancy.

Considering the unexpected delay in supplying tender document to some interested bidders due to the difficulties occurred in bank transfer,

Considering also that the NTFA consultancy is complex and that bidders might require enough time to prepare for the submission of their offers and that the Procurement Law in Rwanda allows the procuring entity (RURA) to extend the bidding period;

In view of answering some bidders' concern to extend the current deadline of submission, RURA is pleased to announce you that the bidding period has been extended as follows:

- Questions and clarifications from bidders will be received and answered up to 28th November 2009.
- The last date to receive the bids and the openings of the same will be on 2nd December 2009. The time and venue for the opening of the bids remain the same.

However, RURA takes this opportunity to inform you that the bidder should be individual consultant and firms are excluded.

Yours sincerely,

Col. Diogène MUDENGE
Director General
